

# Societatea Romana Impotriva Epilepsiei

## Scoala de vara de Epilepsie

15-17.mai.2026, Bucuresti

### PROGRAM

Directori de curs: Dana Craiu

**15 mai 2026**

*Chair: Cristina Pomeran*

**12.00 – 13.00** Inregistrare participanti (*Registration*)  
Wellcom coffe + pranz

**13.00 – 14.30**

**Cuvant de deschidere – Dana Craiu**

**13.00 – 13.45** **Cristina Pomeran**, Carmen Burloiu, A. Dima, Mircea Jianu  
Sa citim impreuna EEG: Un caz, mai multe tipuri de descărcări și multe întrebări  
(*Let's read together EEG: A case, different types of discharges and many questions*)

**13.45 – 14.30** **Laura Craciun** – EEG la adult (*EEG in adults*)

**14.30 – 15.00** **Pauza de cafea**

**15.00 – 16.30** **Gabriela Visa**  
Discutii de diagnostic etiologic intr-un caz de epilepsie rezistenta la tratament medicamentos  
(*Etiological diagnosis in a case of medication resistant epilepsy*)

**16.30 – 17.30** **Alice Dica**, Irina Stan  
Discutii de diagnostic etiologic si tratament intr-un caz complex (*Etiological diagnosis and treatment options in a complex case*)

**16 mai 2026**

*Chair: Cristina Motoescu*

**09.00 – 10.00** **Patricia Ulteru**, Dana Craiu, Laura Craiun, Diana, Barca, Alice Dica  
Sa citim impreuna EEG: Recunosti etiologia? (*Let's read together EEG: Do you recognize etiology?*)

**10.00 – 11.00** **Cristina Motoescu**  
Epilepsie asociata cu tulburari de comportament si de miscare – care poate fi cauza? Cum tratam?  
(*Epilepsy associated with behavioral changes and movement disorder – what can be the cause. How do you treat?*)

**11.00 – 11.30** **Pauza de cafea**

*Chair: Alice Dica*

**11.30 – 12.00** **Alice Dica**, Irina Stan  
Manifestări epileptice cu substrat neașteptat: de la caz la concept  
(*Unexpected etiology in a case of epilepsy: from the case to the concept*)

**12.00 – 13.00** **Dana Craiu**  
Sesiune video: Manifestari paroxistice non-epileptice (*Video-session paroxystic non-epileptic events*)

**13.00 – 14.30** **Laura Craciun**  
Epilepsie la adult – care este diagnosticul, etiologia si ce tratament este indicat?  
(*Epilepsy in adult – what is the diagnosis, etiology, and what treatment is indicated?*)

**14.30 – 15.00** **Pauza de pranz**

*Chair: Laura Craciun*

**15.00 – 16.30** **Pavlina Danhofer** - Functional Neurological Disorder or else? (*Tulburare neurologica functionala sau altceva?*)

**16.30 – 17.00** **Pauza de cafea**

*Chair: Cristina Pomeran*

**17.00 – 17.30** **Cristina Pomeran**  
O epilepsie controlată, o dezvoltare întârziată și o surpriză la imagistică  
(*Controlled epilepsy, global developmental delay and imaging surprise*)

**17.30 – 19.00** **Diana Barca**  
Sa citim impreuna IRM cerebral – cauze structurale de epilepsie (*Let's read together MRI – structural etiology in epilepsy*)

**17 mai 2026**

*Chair: Iuliu Bacos*

**09.00 – 09.30** **Dana Craiu**, Camelia Lentoiu, Anca Arbune, Viorica Radoi.  
Sa citim impreuna EEG: Capcane intr-un caz de epilepsie focala rezistenta la medicatie  
(*Let's read together EEG: Diagnostic clues in focal epilepsy resistant to medication*)

**09.30 – 11.00** **Iuliu Bacos**, Diana Barca, Dana Craiu  
Scenatii de cazuri de epilepsie rezistenta la copil – discutii de diagnostic si optiuni terapeutice (SLG)  
(*Case scenarios of resistant epilepsy – diagnosis and therapeutic options*)

**11.00 – 11.30** **Pauza de cafea**

*Chair: Andrei Daneasa*

**11.30 – 12.30** **Dana Craiu**  
Scenarii de cazuri de epilepsie rezistenta cu debut la sugar – discutii de diagnostic si optiuni terapeutice (Dravet)  
(*Case scenarios of resistant epilepsy with onset in infancy – diagnosis and therapeutic options*)

**12.30 – 13:30** **Andrei Daneasa**  
Sesiune video – diagnostic al fenomenelor paroxistice la adult (Video session – diagnosing paroxystic events in adults)
